

Important information on waste separation

Dear exhibitors,

Messe Karlsruhe is committed to the precautionary protection of the environment. It is therefore important to avoid waste during the set-up, exhibition and dismantling periods and to dispose of it in an environmentally friendly manner.

You can dispose of your waste via our collection islands up to the volume of a large standard household waste garbage can (240 l).

**During the set-up,
dismantling and
exhibition period
the collection islands
are available at the
following locations:**

The following containers are available for you there:

Depending on the trade fair additionally:

During assembly and dismantling

If you have a higher requirement (which goes beyond a large standard household 240 l waste garbage can), please order the corresponding requirement via our Online Service Center (OSC) or contact the Service Center on site.

During the trade fair period

We will collect the (sorted) waste from your stand at the end of the event day. Please place it clearly visible at the edge of your stand. You can order waste bags via our Online Service Center or contact the Service Center on site.

Do you still have questions?

Please contact the Service Center on site.

Help us and protect our environment – plan to conserve resources!
